

## Aror University of Art, Architecture, Design & Heritage Sukkur

### Department of Artificial Intelligence and Multimedia Gaming

|                         |                                             |
|-------------------------|---------------------------------------------|
| Lab # 02                | <b>Application of ICT (Fall-2025)</b>       |
| Course Title:           | Application of ICT                          |
| Lab Instructor:         | Rashida Naz                                 |
| Credits (Theory + Lab): | 3 Credit Hours ( 2 Hrs Theory and 1 Hr Lab) |
| Lab Duration:           | 2 Hrs                                       |
| Lab Title:              | Working with Insert Tab in MS word          |

#### Lab Objectives:

By the end of this lab, students will be able to:

1. Understand the purpose and functionalities of the Insert Tab in MS Word.
2. Learn to insert different elements such as tables, pictures, shapes, charts, headers/footers, symbols, and hyperlinks into a document.
3. Apply the Insert tools to enhance the presentation and structure of a Word document.
4. Develop hands-on practice in customizing inserted objects to make documents more professional.

#### Lab outcomes:

By the end of this lab, students will be able to:

1. Insert and format tables, pictures, clip art, and shapes.
2. Insert and edit charts, SmartArt, and screenshots.
3. Add headers, footers, page numbers, text boxes, and WordArt.
4. Insert equations, symbols, and hyperlinks effectively.
5. Create a professionally formatted document using the Insert Tab features.

#### Lab Exercise

##### Task 1: Insert Basic Elements

1. Open a new MS Word document.

2. Insert a **table (3 × 5)** and enter some sample data (like Name, Age, Marks) as shown below:

| Name   | Age | Marks |
|--------|-----|-------|
| Ali    | 18  | 89    |
| Zainab | 18  | 98    |
| Ayesha | 17  | 85    |
| Zohaib | 16  | 89    |

- a. Add a Header row as shown below:

| Student Bio Data |     |       |
|------------------|-----|-------|
| Name             | Age | Marks |
| Ali              | 18  | 89    |
| Zainab           | 18  | 98    |
| Ayesha           | 17  | 85    |
| Zohaib           | 16  | 89    |

- b. Merge the first row: select the desired cells, Right click the table, click on merge. Chose center alignment.

| Student Bio Data |     |       |
|------------------|-----|-------|
| Name             | Age | Marks |
| Ali              | 18  | 89    |
| Zainab           | 18  | 98    |
| Ayesha           | 17  | 85    |
| Zohaib           | 16  | 89    |

- c. Format the table as shown below:

| Student Bio Data |     |       |
|------------------|-----|-------|
| Name             | Age | Marks |
| Ali              | 18  | 89    |
| Zainab           | 18  | 98    |
| Ayesha           | 17  | 85    |
| Zohaib           | 16  | 89    |

3. Insert a **picture** from your computer.

- a. Apply border, Picture effects.

- b. Use format tab to format the picture.
4. Insert a **shape** (arrow, rectangle, or circle) and add some text.

5. Insert a shape and caption it.

Figure 1 Circle

6. Format the shape using format tab. Change the color, border etc.

## Task 2: Working with Text Elements

1. Add a **header** with your name and a **footer** with page numbers.
  2. Insert a **WordArt** with the title: *"My First Insert Tab Document"*.
  3. Insert a **Text Box** and type a motivational quote inside it.
- 

## Task 3: Advanced Insert Features

1. Insert a **chart** (any type) showing sample student marks.
2. Insert a **SmartArt graphic** to represent a process (e.g., study → exam → result).

3. Insert a **symbol** (e.g., ©, ®, or any mathematical symbol)

4. Insert a **hyperlink** to any website (e.g., [www.microsoft.com](http://www.microsoft.com)).

1. Add text:

AROR University

2. Select the text, right click on the text, Click on hyperlink, Paste the URL in the Address Section. The text will be converted into a link as follows:

[AROR University](http://www.aroruniversity.com)

5. EXTRA TASK

- a. Add a water mark
- b. Change the page Color.
- c. Apply Page border.
- d. Add a random paragraph =rand(2)
- e. Go to page layout tab, in the page group, select two columns.

As shown below:

On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab. You can also format text directly by using the other controls on the Home tab. Most controls offer a choice of using the look from the current theme or using a format that you specify directly.

6. Change the orientation of the page from portrait to Landscape.
7. Run Spell check and Grammar option found in the review tab.
8. Save your work and upload on Google classroom.
